STATE OF CALIFORNIA

FIRE HAZARD SEVERITY ZONES IN STATE RESPONSIBILITY AREAS

Adopted by CAL FIRE on November 7, 2007

Public Resource Code 4374.2(a) and the California Department of Forestry and Fire Protection (CAL FIRE) is the lead for the State Responsibility Areas (SRAs) and the Fire Hazard Severity Zones (FHSZs) in the State Responsibility Areas. The SRAs are the areas of land that are owned or controlled by the State of California and are used for the purpose of fire hazard reduction. The FHSZs are the areas of land that are identified as being at a high or very high risk of fire hazard. The SRAs and FHSZs are used to determine the level of fire hazard reduction that is required for the land. The SRAs and FHSZs are used to determine the level of fire hazard reduction that is required for the land. The SRAs and FHSZs are used to determine the level of fire hazard reduction that is required for the land.

The State of California and the Department of Forestry and Fire Protection make no representations or warranties regarding the accuracy of data or maps. Neither the State nor the Department shall be liable under any circumstances for any direct, special, incidental, or consequential damages with respect to any claim by any user or third party on account of, or arising from, the use of data or maps.
